TORONTO AND THE GTA

Roll-Up Privacy Screens

Motorized exterior screens for patios, decks, pergolas, porches, and balconies. Made to measure and professionally installed.

Privacy when you want it

Lower the screen and the neighbours' view of your patio is gone. Raise it and the space is open again.

Sun, wind, and insects

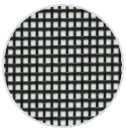

The same screen cuts glare and low afternoon sun, slows the wind, and keeps mosquitoes out.

One button

Somfy motors run each screen, or a whole pergola at once, from a remote, wall switch, or phone.

Six fabrics

Openness is the share of the fabric that is open weave. Lower openness means more privacy and less airflow.

TuffScreen
45% open
Insect mesh. Keeps the view and the breeze.

SunTex 90
10% open
Sun control with a usable view out.

SunTex 95
5% open
The all-rounder for privacy, sun, and airflow.

SheerWeave 4800
1% open
Dense weave for close neighbours.

Soltis Proof 502
Solid blackout
A solid sheet. A full visual barrier.

PanoramaFR
Clear vinyl
Blocks wind and rain, keeps the view.

AT A GLANCE

Sizes and specifications

Every screen is made to measure. These are the limits and options to plan around.

Largest single screen	19 ft 2 in wide by 14 ft high (5.84 m by 4.26 m)
Largest extra-wide screen	22 ft 10 in wide by 14 ft high (6.96 m by 4.26 m)
Largest clear vinyl screen	10 ft wide by 10 ft 4 in high (3.04 m by 3.14 m)
Wider openings	Divided into separate screens side by side, which can be grouped to move together
Housing	5 in aluminium panel box above the opening, with side channels and a weighted bottom bar
Fabric colours	Set by each fabric: nine for SunTex 95, six for SunTex 90, five for Soltis Proof 502, and one each for TuffScreen (black) and SheerWeave 4800 (Ebony).
Operation	Somfy motor with remote, wall switch, or phone app. Manual override available. Hand crank on request.
Sensors	Sun, wind, and rain sensors available. A wind sensor is recommended on screens wider than 12 ft.

Housing colours

The panel box, side channels, and bottom bar match. Custom colours to order.

White | Beige | Brown | Black | Silver

Where they go

- Patios and covered decks
- Pergolas and gazebos
- Porches and balconies
- Windows, patio doors, and garage openings
- Restaurant patios and commercial terraces

Warranty

10 yr
Manufacturer warranty
Covers defects in materials and workmanship of the screen system.

10 yr
Motor included
The Somfy motor supplied with the screen is covered by the same manufacturer warranty.

1 yr
Workmanship warranty
On our installation. If something we fitted shifts or fails, we come back.

What happens next

1. **Send photos**
   Photos and rough measurements are enough for a ballpark figure.
2. **Free site visit**
   We measure every opening, bring fabric samples, and give you a written quote.
3. **Made and installed**
   Each screen is made to your measurements and professionally installed.

Sizes and system details are the manufacturer's 2026 specifications and depend on the fabric, the mounting surface, and the site; we confirm them at the measurement visit. Screens should be raised in high winds. Weather damage is not covered by warranty. Colours shown are approximate.
